FINANCIAL POLICIES FOR HEALTHY FEET PODIATRY:

We want you to receive the best care possible and be totally satisfied with our service. Our experienced office staff will be happy to answer any questions regarding your account. Here are some important points to remember regarding your care in our office.

- 1. To keep medical care and billing costs down, payment for services is due at the time services are rendered unless payment arrangements have been approved in advanced IN WRITING by our office manager.**
2. We are contract providers for Medicare and many private insurance plans. In those cases, we have agreed to accept their determination of fees for covered services, these payments are due at time of service. While the filing of insurance claims is a courtesy that we extend to our patients, all charges are your responsibility from the date services are rendered.
- 3. Not all services are a "COVERED" BENEFIT IN ALL INSURANCE POLICIES. Your policy is a contract between you and your insurance company, and NOT between Healthy Feet Podiatry your insurance company.** When we check eligibility and benefits this does not guarantee payment, this only ensures that it is an active plan. If your insurance requires prior authorization or referrals for supplies dispensed or services rendered, please understand that it is your responsibility. Your insurance does not release details regarding any pre-existing conditions, exclusions, hidden clauses, and non-covered services. Medicare and some insurance companies select certain services that they will NOT cover. Payment for these services is the responsibility if you, the patient. We strongly encourage you to carefully read your insurance policy so that you will know the conditions and circumstances of your coverage.
4. Insurance companies may impose a waiting period before providing coverage and they may exclude coverage for what they determine to be "pre-existing conditions." They may also require that you obtain prior approval before treatment.
5. Our fees are generally considered to fall within acceptable range by most companies, and therefore are covered up to the maximum allowance determined by each carrier. This applies only to companies who pay a percentage (such as 70% or 80%) of usual, customary, and reasonable (UCR) for this region.
6. When we can verify your coverage and benefits in advance for your insurance, we will accept assignment of your insurance, we will bill the carrier directly. Accepting assignment means that your insurance company will send us the bulk of the payment for treatment and that you, the patient, pay us directly for the deductibles, co-payments and non-covered services and fees. In these

circumstances, payment of your portion will be estimated at the time of services and must be paid at that time. When the insurance company does pay us, or at 45 days from the date of billing your insurance company, whichever occurs first (insurance companies are required by law to pay or deny claims, within 30 days), you will be responsible for any remaining balance, or we will refund you any overpayment you have made. Our accepting assignment of your insurance benefits does not relieve you of your personal responsibility for prompt payment of the total bill. If your insurance company does not completely or promptly pay, you are responsible for paying the remaining balance immediately upon receipt of a bill. As a patient of this office, to expedite proper payment, we will complain to the Insurance Commissioner and/or Department of Corporations on your behalf regarding payment of claims.

7. Any account balance not paid in full within 60 days will be subject to a monthly finance charge of 1.5% per month (18% A.P.R) and a monthly cost of rebilling/account maintenance charge of \$5. These rates and charges are subject to change upon 30 days written notice. If any account balance should remain unpaid for 90 days and the Doctor refers the account to a collection agency or attorney, the responsible party will be charged a 30% collection fee and the costs of collection, and these fees costs will be added to the account balance.
8. Payments will not be delayed or withheld, regardless of any lawsuit's liens, insurance coverage the pendency of claims thereon or the outcome of medical treatment. All proceeds from the plan are assigned to the Doctor where applicable.
9. Requests for non-customary assistance such as special billing, rebilling, completion of forms and special reports and information requests are not included in our fees and will be billed separately. X-rays and charts are part of your permanent medical records in our office. Copies can be provided upon advance notice and payment of duplicating costs.
10. If your diagnosis or treatment involves others, such as hospitals or laboratories, you will be billed by these entities separately.
11. We realize that temporary financial problems may affect timely payment of your account. If such problems do arise, we encourage you to contact us promptly for assistance in the management of your account.
12. **CHECK Policies:** If a check is returned for insufficient funds and/or closed account, you will be charged a \$25 return check fee in addition to your balance owed. You will have 7 business days to make good on your check, otherwise, action will be taken.

Overview of Insurance & Financial Policies

Healthy Feet Podiatry welcomes you to our practice. We strive to provide you with excellent medical care and make your visit as convenient as possible.

We would like to bring to your attention that health care benefits today have become extremely complicated. Health benefit packages vary greatly based on company and individual selection. For this reason, as well as the ever-changing federal healthcare law, our offices have found it necessary to adopt the following policies:

If you have an HMO, you must verbally inform our front desk prior to treatment. I understand that Healthy Feet Podiatry does not participate in many HMOs and that I may be responsible for full payment.

Please realize our office does not know and cannot determine your individual healthcare benefits. We will do our best to maximize coverage for your visit within accepted rules and regulations. However, knowing your benefits and financial liability is ultimately your responsibility.

Ensuring that our doctors are participating in your health plan is your responsibility. Our office will try to ensure that we accept your health plan prior to your visit, however due to increased plan options, our office cannot guarantee that we are participating in your plan. If we are unable to get reimbursement through your plan you will be responsible for all service charges.

Please inform our office of any insurance, address, email, or telephone number changes.

Our office performs what we feel is medically necessary for your health care based on established medical guidelines and discussion with you.

Our office will prescribe and recommend those medications which we feel are best for your health. We will do our best to work within any known restrictions. However, please realize any problems concerning the cost or coverage of your medication is between you and your prescription plan. These are financial issues not medical (i.e., prior authorizations).

Not all services are covered benefits with all insurance plans. Any treatment, including the writing of prescriptions, is not covered under preventative care. Service not covered by your insurance plans are expected to be paid at time of service.

You should always be aware of the services being performed and discuss them with the provider.

You are responsible for applicable charges as per your insurance agreement (such as deductibles, percentage, after hour fees, co-pays etc.) or any performed services not covered by your insurance policy.

If you are turned over to a collections agency or write a bad check, you will be responsible for any costs incurred in collecting the balance.

Be aware that payment is expected at the time of service and that our office accepts CASH, VISA, MASTERCARD and DISCOVER.

If you have an outstanding balance from a previous visit, you will be asked for payment at your next visit.

There may be a fee for the completion of paperwork (disability forms, FMLA, prior authorizations, etc.)

As your physician our relationship is with you and not your insurance company. We realize that problems may arise, and we will do our best to work with you through these situations. Please do not hesitate to ask us if you have any questions as we are here to help you.

I have read and understood the above policy ad I agree to meet all my obligations.

CONSENT FOR TRANSFER OF BIOLOGICAL SPECIMEN

Florida law (Section 817.5655, Florida Statutes) prohibits the sale or transfer of a person's biological specimen from which DNA can be extracted to a third party without the express consent of such person.

During the course of your care at Healthy Feet Podiatry, it may be medically necessary to obtain a blood, urine, stool, tissue or other type of biological specimen for analysis. This analysis **WILL NOT** involve the examination of your DNA to identify the presence and composition of genes in your body. After the analysis has been performed and the sample is no longer needed, it will be stored as medical waste and then transferred to a third party for disposal in accordance with all local, state, and federal requirements.

It may also be the case that a biological specimen (such as blood, urine, hair, bodily fluids, etc.) from you may be deposited on medical instruments, bedding, clothing, or other objects. These objects may then be transferred to a third party for cleaning or disposal.

By signing this document, you affirmatively state that it is your intentional decision to consent to the transfer of any and all biological specimens collected by or deposited with Healthy Feet Podiatry to a third party as set forth above. This consent does not authorize the sale or transfer of a biological specimen for the purpose of DNA analysis.
